ABOUT Galistair Infinite Aviation

► Founded in December 2016, our company was incorporated with the purpose of providing passenger and cargo air services. In order to achieve this goal, an Airbus A321-200 aircraft of 215 seats was brought under a Lease Agreement. Being Madrid the home base, we became the first and only ACMI operator of Airbus A321 in Southwest Europe and North Africa.

► During the first years of operation and while our own AOC (Air Operator's Certificate) was being process, an agreement was signed with the Portuguese company White Airways S.A., who was in charge of operating our marketed flights during this first stage. With this at hand, we guaranteed our customers and suppliers to start our operations on a sure date and in a secure manner.

ABOUT Galistair Infinite Aviation

- ▶ At the beginning of 2019 we began the process of creating our own AOC in Malta, since it's a country that for years has been collaborating with the various airlines that decide to establish themselves there, and which considers the airline industry as strategic.
- ▶ This is the reason why Galistair Trading Ltd. was incorporated in Malta by meeting the requirements of the local authority. This company is the holder of the AOC which was finally issued on January 24, 2020. This milestone allowed us to operate under our own responsibility all the company's flights, and to stop depending on third party companies with the consequent cost savings and greater control over our operations.

The image shows a scanned Air Operator Certificate (AOC) form. At the top center is the coat of arms of Malta. Below it, the title reads "AIR OPERATOR CERTIFICATE (Approval schedule for air transport operators)". The form is divided into several sections. The first section, "Types of Operation", includes checkboxes for "Commercial air transport (CAT)", "Passengers", "Cargo", and "Other". The second section identifies the authority as the "REPUBLIC OF MALTA" and "Transport Malta Civil Aviation Directorate". The third section provides details for the AOC holder: "AOC #: MT-59", "Galistair Trading Ltd", and its address: "Suzanne Court A, No 8, 4th Floor Level, Triq Abate Rigord, Ta' Xbiex, Malta". It also lists contact information: "Business Telephone: +34 630079767", "Business Fax: N/A", and "Email: [groundops@galistair.com](\"mailto:groundops@galistair.com\")". A section for "Operational Points of Contact" contains a note about contact details. Below this is a certification statement: "This certificate certifies that Galistair Trading Ltd is authorised to perform commercial air operations, as defined in the attached operations specifications, in accordance with the operations manual, Annex V to Regulation (EU) 2018/1139 and its implementing acts." The "Date of issue" is "24-01-2020". The "Name" is "Capt. Charles Pace" and the "Title" is "Director General for Civil Aviation". A signature and a circular official seal of the Transport Malta Civil Aviation Directorate are present. At the bottom, it says "EASA FORM 138 Issue 2" and "Page 1 of 2". The Transport Malta logo and the code "CAD006106" are at the very bottom.

ABOUT Galistair Infinite Aviation

- ▶ In 2018 we reached the objective of operating our first flight with an A321-200 and in 2020 we incorporated our first A320-200 and started a progressive growth of incorporating one aircraft per year.
- ▶ In 2022, in the process of recovering from the consequences of COVID in the aviation business, we started a new adventure, adding two A330-200 cargo aircraft to diversify our business line. We also added a third A320-200 passenger aircraft to our AOC.
- ▶ This year 2024, we incorporated our first passenger A330-300, allowing us to enter the long haul passenger services market. Furthermore, Galistair Trading LTD obtained the IOSA certification. The audit was held in February 2024. Both achievements mean a milestone for Galistair in our goal of continuing to grow and seek new horizons

ABOUT Galistair Infinite Aviation

COMPETITIVE ADVANTAGES

- ▶ Type of Fleet: Airbus A320 & A330
- ▶ Main base: Madrid, Southern Europe.
- ▶ Flexibility to operate worldwide
- ▶ 24/7 We operate 24-hours a day 365 days a year, providing a dedicated aircraft solution.
- ▶ ACMI, charter & cargo focus
- ▶ Experienced staff
- ▶ Operational flexibility

MAIN OBJECTIVES

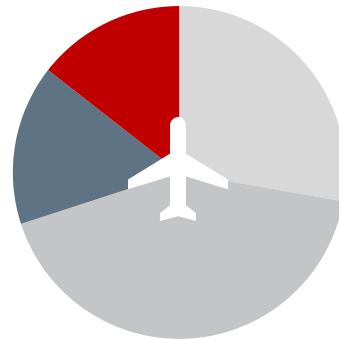

EXPERTISE

To maximize the aircraft use and minimize costs

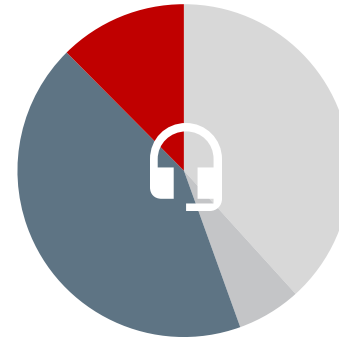

OPERATE A320 and A330.

Up to the highest service standards and commercial needs.

QUALITY

Flexibility, service and a safe operation

PERSONAL SERVICE

An aircraft and fleet with custom livery and image

CAMO

In order to minimize the time and incidence of AOG and reduce delays, Galistair has signed agreements with AVtrade for components and TP Aerospace for wheels and brakes.

Their support together with the contracts with first class maintenance companies in base and in every destination assures the minimum impact of technical issues.

TP AEROSPACE AND GALISTAIR HAVE ENTERED INTO A WHEEL & BRAKE PARTNERSHIP

TP Aerospace, the world's largest independent Wheels and Brakes provider, has engaged in a partnership with Galistair to provide an all-inclusive cost-per-landing support Program in support of Galistair's current and future fleet.

Galistair will benefit from TP Aerospace's global reach via its current seven locations worldwide in the EMEA, Americas and APAC regions with own in-house workshops as well as more than 13,000 Wheels and Brakes on stock.

TP Aerospace is very proud of having been selected by Galistair to take active part in securing its future success and will do our utmost to meet and exceed Galistair's expectations during our long-term relationship.

Avtrade signs new Power-by-the-Hour contract with Galistair Infinite Aviation

Avtrade, a world leading provider of aircraft component solutions, is happy to announce the expansion of its power-by-the-hour (PbH) growing European customer portfolio with the signature of a new Support contract with Madrid based NCM Avline Galistair, well known specialist in the Southwest Europe region.

In addition to wet lease services, Galistair is able to offer ad-hoc and charter flights and a whole range of tailored services to meet the needs of the market. Avtrade's UK based Global Headquarters and network of regional offices based in Dubai, Singapore and Guangzhou are closely coordinated to support the airline with a dedicated, high quality local service. Offering experienced aircraft support, Avtrade utilizes strong independent LMO and OEM relationships to supply efficient on-time processes, quick turnaround and delivery of components.

We are passionately committed to work together with Galistair to help them achieve their mission "to grow a profitable airline with passion for our customers providing the highest standards of service, safety, reliability, transparency and flexibility".

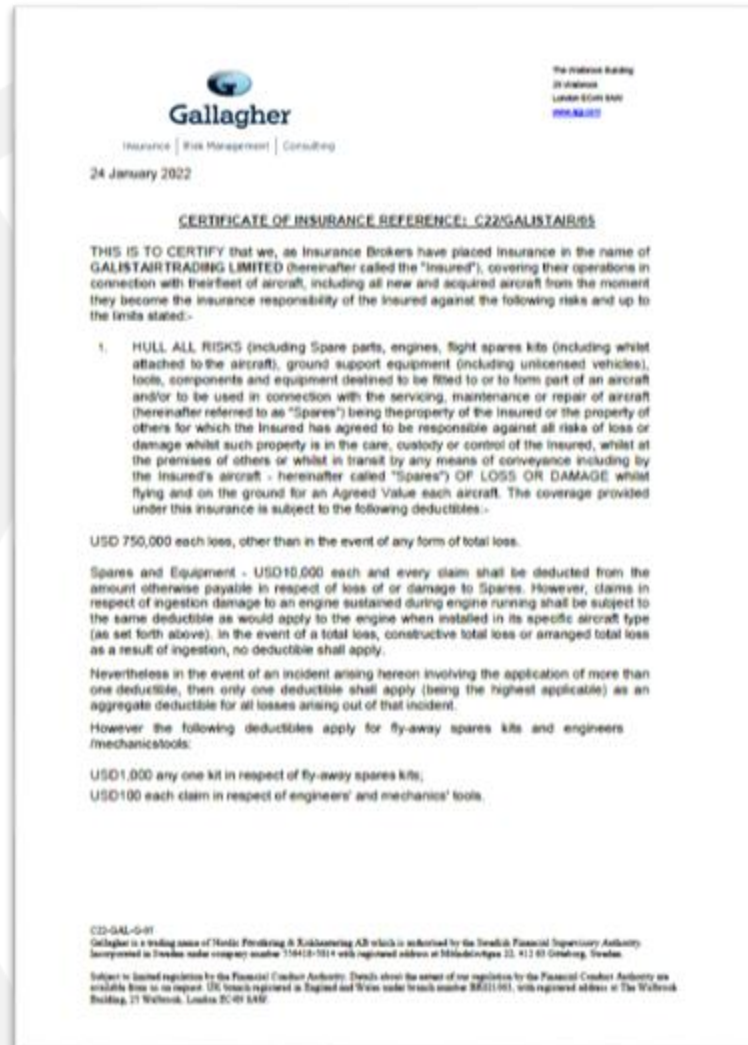

Judith Bolestrini, Support Contracts Manager

"This contract will represent an important reinforcement of our success with European contract support, building on the success of other completed implementations this year. Our proven contract win momentum demonstrates our excellent delivery model, as well as continued support innovation. The start of this new client relationship complements our recent European contract wins, providing increasing breadth and diversity across our client base. We are very excited to be working with Galistair and supporting them while they establish themselves"
